

**CONTRACTOR NON-LEAKING TANK CERTIFICATION FORM**

**PETROLEUM UNDERGROUND STORAGE TANK FUND**

\_\_\_\_\_ (fill in name of contractor) hereby certifies, to the best of their knowledge, the following regarding the underground storage tank(s) removed on \_\_\_\_\_ (fill in date) at \_\_\_\_\_ (fill in address) on property owned by \_\_\_\_\_ (the "Applicant") (fill in owner):

- 1. The underground storage tank has no holes, corrosion or scaling in the tank that have changed the integrity of the tank and caused it to leak;
- 2. There were or are no stained soils in the ground around the perimeter of the tank. This does not include surface stains that may be the result of spillage or delivery overflow;
- 3. There are no petroleum fuel odors emanating from the excavation and no visible or olfactory evidence of a leak;
- 4. The underground storage tank piping has no breaks, loose fittings, or holes in the piping used in connection with the tank which have changed the integrity of the piping and caused it to leak;
- 5. The undersigned has been certified by the New Jersey Department of Environmental Protection ("DEP") as a certified contractor for the removal and/or closure of petroleum underground storage tanks; and
- 6. Local code official has inspected and approved excavation for back filling.

The undersigned hereby certifies the above statements are true and complete and understands this certification is being relied upon to determine the eligibility of the Applicant for financing assistance for the removal and closure of a non-leaking underground storage tank pursuant to the Underground Storage Tank Finance Act, N.J.S.A. 58: 10A-37.1 et seq. as amended.
